Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu. Honolulu standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m. which is the same as Greenwich, 0 hours, 0 minutes. The Sun and Moon are for local time for the whole group.

THE LOG-BOOK

The Lighthouse tender Kukui, Captain Johnson, will leave for Hawaii on Monday. She will make a regular inspection trip and is expected to return to this city in about a week.

The Virginian, of the American-Hawaiian line, bringing Judge and Mrs. H. E. Cooper as passengers arrived yesterday afternoon. The Virginian made a good trip down, coming here in a little over seven days. She brought a very large shipment of mail but a rather small cargo. She will load here and at outside island ports.

with sugar for the Tehuantepec route, sailing as soon as possible.

Hackfeld and company, the agents for the Pacific Mail Company, received a cablegram yesterday stating that the Asia, which was due to leave Hongkong yesterday, would not stop at Honolulu on her present trip. The Asia probably has obtained a full cargo for San Francisco and, since she cannot carry freight or passengers from this city to the Coast, will make the direct run. No further information than I regard to the present trip was conveyed in the dispatch.

The Asia was due to arrive here on June 25 and was the only boat regularly scheduled to carry mail between this city and San Francisco from the sailing of the Alameda on June 15 till the sailing of the Mongolia on July 6. It will be seen from this that Hawaii may be isolated from the mainland for three weeks, so far as mails are concerned, with the taking off of the Asia. It is to be hoped, however, that some of the tramp steamers will help out.
